

'The Apple Tree' Is PM&L Venture

PM&L, Inc., after completing a successful and ambitious run at the Antioch Country Club, is now preparing and rehearsing a spectacular musical comedy "The Apple Tree," which will be presented at the Antioch Community High School cafeteria on July 10, 11, 17, 18, 24 and 25, at 8:30 p.m.

PM&L has given a big musical comedy every summer since the summer of 1964 when "Guys and Dolls" played to "standing room only" audiences and it has been a traditional summer event ever since.

"The Apple Tree" is three musicals in one directed by Ken Smouse. Part One is "The Diary of Adam and Eve," which is based on a story of the same name by Mark Twain. The setting is, of course, Eden. Adam is played by Ken Smouse of Antioch, Eve is Marybeth Bentel of Lake Villa, and the Snake is Fred Hol-

bert from Antioch. Audiences will have a laugh and a tear during this poignant episode, which is full of haunting music.

Part Two is "The Lady and the Tiger" based on that story by Frank R. Stockton. The time is a long time ago in a semi-barbaric kingdom. The Balladeer who leads the listener through the story is Fred Holbert. King Arik is Rich Irmen from Antioch, Captain Sanjar is Jerry Oelerich from Lake Villa, Princess Barbara is Elta Layman from Zion, Najara is Nancy Eberman from Antioch, and The Tiger is danced by Pat Ronon from Antioch. This episode is full of passion and wild music.

"Passionella" is the third and final episode in "The Apple Tree." It tops the show and will leave the audience laughing from start to finish—but the surprise

number of Chicago night spots within the past two years. Most recently at Pete Spen's Steak Market Restaurant on Oak off Rush in the heart of the Rush Street area.

He has entertained for Max Diamond's audience at the Como Inn and has sung for crowds at Mr. P's Restaurant-Lounge, the Croydon Circle, and The Domino on Walton.

After graduating from Northwestern University in 1963, Pedersen spent some time with the musical revue "The Second Generation," which played in the Wisconsin Dells.

He has appeared in a number of musical and straight play productions in and around the Chicago area, including "The Lion in Winter," "South Pacific," "Music Man," "Take Me Along," "Spoon River Anthology" (for Palette, Masque & Lyro Dinner Theater in Antioch, Ill.), and the Waa-Mu Show and many others at Northwestern.

Bond Sale For County \$506,932

Lake county residents purchased a total of \$506,932.00 in series E and H bonds and Freedom Shares in May according to Richard F. Kennedy, Waukegan, and Richard D. Newland, Waukegan, county chairmen of the savings bonds committee.

Sales in the state of Illinois were \$26,599,750 in May which is 10.8 percent above last year's total for the month according to Clarence S. Sochowski, North Central market director, U. S. savings bonds division. The Illinois total represents 6.9 percent of national sales which were \$385,000,000.

The sharp increase reflects results of payroll savings campaigns in business and industrial firms which are being held in the first half of the year.

Rotary Board Sets Dates For Meetings

The Antioch Rotary Board met for a Planning Breakfast on Wednesday morning, June 24 and reviewed budget and project plans for 1970-71. Newly-elected President Al Schroeder presided on the meeting.

It was agreed that the third Friday of each month will be a Fellowship Night to be held at various restaurants and will be an occasion when Rotary members and their families can join together in spontaneous fellowship.

A fund-raising project was discussed and it was decided that a raffle of some type will be sponsored by the Rotary club each month.

The proceeds from the raffle will be used in a variety of community services.

The Directors agreed unanimously that the coming year will see an emphasis on youth in the community. They discussed the local Interact Club which is sponsored by Rotary. They also discussed holding a conference in October designed to share "know-how information" with other clubs in the district.

Pay Hikes Okayed By Antioch Grade School

Illinois Bell's Waukegan manager, Don Amundsen, right, wanted to dramatize his company's contribution to Lake County's 1969 tax receipts. The booty on the table represents \$1,346,592 in personal property and real estate taxes which Lake County Treasurer Sheehan, center, received. Bank Auditor Ferdinand Mikesch, left keeps an eye on the proceedings.

Custodians and secretaries for the Antioch Grade Schools have been voted salary increases.

Secretaries will receive about a 12 per cent hike in salaries.

The minimum salary for a secretary, employed on a ten-month basis, will be \$3,360 and for 12-months, \$4,637.

The salary will vary depending on the length of service with the top salary for secretarial help at \$6,283.

The board set base pay for custodians at \$6,700 with part-time employees paid at the rate of \$3.35 per hour, a hike of about 35 cents per hour.

The board will pay a \$125 premium for health insurance for custodians and sick leave pay will be for 15 days.

There are six full-time custodians in the system.

One, with 20 years with the district will receive \$10,720 annually; one at \$8,710; another at \$8,509 and the remaining three will receive \$7,303; \$7,102 and \$6,901.

The increases were negotiated at a special meeting of the board of education.

Savings And Loan Celebrate

The Antioch Savings and Loan will celebrate its 10th anniversary for two weeks beginning July 2 with an open house celebration during that period.

The firm started its business operations at 945 Main Street in 1960 and has built up its assets to some \$17 million over the years. The business is now located at 425 Lake Street.

The officers of the institution feel their success is due to the cooperation and patronage of the people of the Antioch area and its leadership shown by Dr. John C. Vermeren and Fred Walpole. Refreshments will be served in the Community Room of the institution throughout the celebration. The community room is used by many civic organizations throughout the year.

The officers and employees of the Antioch Savings and Loan are eagerly waiting to make your acquaintance and to tell you of the many services that their firm can do. Drop in during the next two weeks and get acquainted.

Huge Exodus Seen For July 4 Weekend

The Chicago Motor Club-AAA estimates that more than 1,300,000 people will leave the Chicago metropolitan area in 300,000 cars during the July 4th holiday weekend. The major exodus is expected to begin around 4 p.m. Thursday, July 2 and continue through Friday, July 3.

The traffic load is expected to reach its peak between 4 and 9:30 p.m., Sunday, July 5, when most of the holiday motorists return to the area.

According to motor club's touring departments, the average auto vacation for the weekend will be to destinations within 350 miles of the city. In addition, the usual large number of Chicagoans will be driving to forest preserves, beaches and other points of interest adding to the volume of normal summer weekend traffic.

Estimates are based on good weather conditions prevailing, and take into consideration that the majority of people will be enjoying a three-day holiday.

As part of its traffic safety promotion efforts, the Chicago Motor Club again is sponsoring its "Bring 'Em Back Alive!" campaign, a positive action program aimed at encouraging more and safer holiday travel.

"With an increasing number of motorists on the highways there is greater need for alertness and courtesy in driving," Gerald W. Cavanaugh, motor club president, points out. "Even so, there is no reason for people to miss the enjoyment of summer holidays and pleasure trips by car. That is why we take a posi-

4-H Camp Dates Set

Last summer, more than 175 Lake County boys and girls took part in the activities and fun at Shaw-waw-nas-see 4-H Camp.

This year, a bigger and better program is on tap, says Barbara Dahl, Lake County Extension Adviser. And there's more than fun in store, too.

Shaw-waw-nas-see is one of six 4-H camps located throughout Illinois that offers a wide variety of summer-time activities for all boys and girls, 9-19 years old. Shaw-waw-nas-see is located near Kankakee River State Park, near Manteno, Illinois.

Sports, games, swimming and boating are the hub of camp activities, Mrs. Dahl says. But the program offers something for everyone.

Budding archers and hunters can improve their aims on camp target ranges. And they'll learn from top instructors how to care for and handle weapons safely.

Young nature lovers can learn about their environment and its resources, collect specimens and

hike nature trails. Trained counselors teach crafts such as wood-working, leather tooling, rock polishing, drawing and painting. Most camp programs have built-in challenges, Mrs. Dahl adds. While a young camper may not be able to pass his "deep water" swimming test the first year, he's encouraged to try again. After passing this level, he's then eligible for canoeing, canoe trips or to swim across the lake.

And special emphasis is given to stimulating natural, youthful curiosity and to providing answers to the questions that come up.

Holiday Weekend

The Antioch News office will be closed on Friday and Saturday of this week to give our employees a long Fourth of July holiday weekend.

We will be open again on Monday at 8 a.m. doing business as usual.

Gander Mountain Entertains Guests

A gala fete was held last June 14 as Gander Mountain, Inc., entertained over 600 guests throughout the day in an 'Open House' celebration at their new location (1 mile south of Wilmet, Wisconsin on the Wilmet-Johnsburg road).

The festivities began at 1 p.m. and arriving families viewed, not only the fine new plant, but a large 40' x 50' striped pavilion tent, erected just outside of the entrance to provide ice cream and coke for the attending small fry.

Inside Gander's new headquarters, guests were conducted on a brief tour of the facilities and

then offered refreshments which included a buffet featuring carved roast round of beef, cold sliced ham, various salads and relishes and cake with coffee.

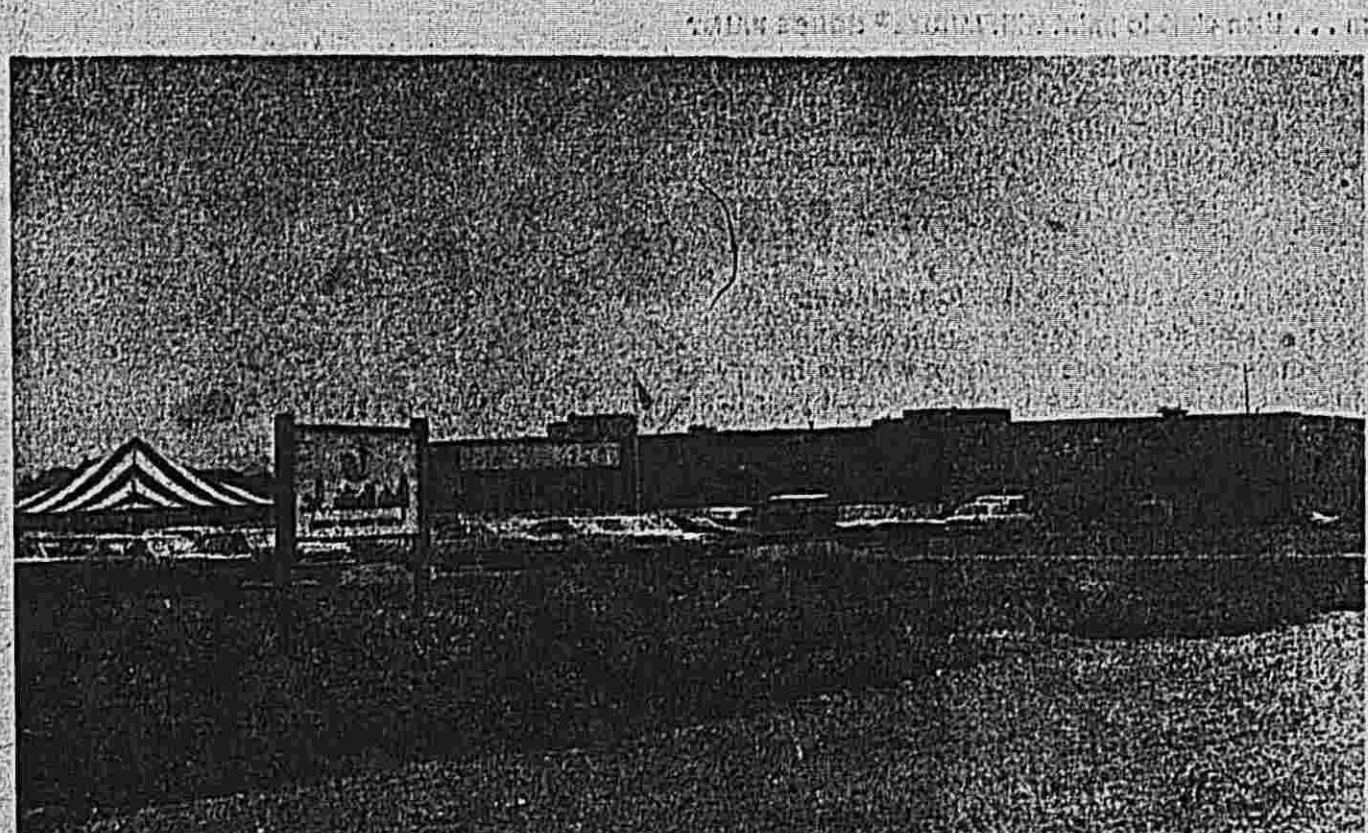

According to Gander Mountain's president, Bob Sturgis, Jr. and vice president, Al Melka, "it was a fine turnout and a good time seemed to be had by all."

Gander Mountain begins the new season at their Catalog Sales Counter on July 7th with a big clearance sale for over-the-counter customers only.

From that date until further notice, the new customer hours will be Tuesday through Saturday, from 9 a.m. until 4 p.m. They will be closed on holidays.

More than 600 persons were feted last June 14 at the Gander Mountain, Inc., open house at their new location a mile south of Wilmet.

Motor Safety Hints

Motorcycle and motor scooter accidents killed many persons on Illinois streets and highways last year the Lake County Safety Commission warns, and many more may become victims this year.

The commission points out that the registration for such vehicles has increased over the past few years and is continuing at a record pace.

In order to circumvent many of these accidents—that could end in tragedy for you and your family—the safety commission lists many hints for safe riding.

They include:

... Be sure to become familiar with the controls on your particular machine before attempting to operate it. Check controls before starting engine and allow it to warm up before starting out.

... When stopping apply rear brakes first, then ease down gently on the front brake. Brake gently on slippery surfaces. Use brakes before rounding a turn, not while you are in it.

... Pass another vehicle only when you can see that the road ahead is clear. After passing, don't cut back too quickly.

... When planning a left turn, enter the left traffic lane well in advance of the intersection. Be alert for the motorist who may make a left turn in front of you—or an unsignaled turn in front of you from the opposite lane of traffic.

... Wear a safety helmet at all times—wear leather clothing if possible and protective footwear.

... Never venture into traffic until you have received operating instruction. Practice off the public highway until you have acquired the skill needed to operate safely in the traffic stream.

We think that if you will follow those traffic safety hints you will be in good shape tomorrow—avoiding that fatal accident today.

HOPE's First Decade

HOPE is a word no bigger than a moment; but to someone deprived of it,

HOPE can be an eternity. For the past ten years the world's first peace-time hospital ship, the S. S. HOPE, has brought medical training/treatment and compassion to millions of people on four continents. Project HOPE is also applying lessons learned abroad at home and has opened the first of a series of domestic health career training centers. One is in the Mexican-American community of Laredo, Texas, another on the 16-million acre Navajo reservation at Ganado, Arizona.

We salute Project HOPE's decision to begin programs at home, for there are still too many Americans who do not know the blessing of freedom from disease. To them, the need for HOPE is every bit as great as it is for the sick in a remote mountain village in Peru or in a leper colony in Ceylon.

Project HOPE's first decade has been a most productive one. Land-based programs continue today in five of the countries visited by HOPE. The reservoir of training and knowledge left by volunteer HOPE physicians, surgeons and dentists will benefit generations still unborn.

Project HOPE continues to carry its cargo to the needy nations of the world; and at the same time is bringing the same dedication to bear on the health problems of our own nation's disadvantaged.

Project HOPE is a private, non-profit Washington, D.C. based organization supported by the American people. It deserves your support, at home and abroad.

Belt Your Kids

Start off your holiday driving with a bang—put your kids in the back seat and belt 'em!
The Chicago Motor Club—AAA says buckling your children in their seat belts is the best way to protect them in a car on both long and short auto rides.

The club points out that close to 6,000 youngsters are killed each year in motor vehicle accidents and many thousands more are injured. Parents are urged to follow these safety rules:

- Put children in the back seat at all times. This offers protection from the instrument panel, steering wheel and windshield in the event of a sudden stop.
- Teach youngsters to always use seat belts. Make a family rule and practice to buckle up before starting the car.
- Emphasize that the car is not a play-room.
- Teach children that the driver must keep his eyes on the road. Help them to understand

that driving is a full time job.
—Once the children are securely belted, the driver should refrain from turning his head to look in the back seat.

—Give infants special care. Always place them in a car bed or bassinets. Avoid holding them in your arms as a passenger.
So remember: Put your kids in the back seat and belt 'em! You'll have a safe holiday and "Bring 'Em Back Alive!"

Cheryl Reckers To Attend North Central

Cheryl L. Reckers, daughter of Mr. and Mrs. Preston J. Reckers, Jr., 466 First Street, Antioch, has been accepted as a student at North Central College in Naperville, and has paid matriculation fees to begin her freshman year of classes in September.

Miss Reckers graduated from Antioch High School this spring. She and her parents will attend one of several orientation and registration sessions at North Central this summer.

North Central is a private, co-educational, liberal arts college located in Naperville, a western suburb of Chicago.

Volo Bog Given To State

The Board of Trustees of the University of Illinois has agreed to transfer the Volo and Wauconda bogs in northeastern Illinois to the Department of Conservation.

Dan Malkovich, acting director of the department, said the bogs are threatened by residential and business developments near them.

"The bogs are delicate plant communities that you would expect to see in the Far North, not in our state," Malkovich explained. "They are 12,000 years old. Here you will find a community of tamarack trees, sphagnum moss beds, poison sumac, sundew, winterberry, pitcher plant, leather leaf and bog rosemary."

Malkovich said the department is in the process of purchasing a buffer zone around Volo Bog.

"The bogs are fragile and cannot tolerate much human usage," he added, "but we may provide picnic and camping areas in the buffer zone."

Queries On Consumer Buying Set

Questions on consumer buying and home improvement expectations will be asked by representatives of the Bureau of the Census in this area during July, according to Theodore F. Olson, Director of the Bureau's regional office in Chicago.

The questions are asked four times yearly as part of a nationwide effort to collect information as a guide to Federal agencies and other groups in developing programs based on consumer spending patterns. A sample of residents in this area will be asked if they expect to buy a house, car, or major appliance during the next year and if they have made recent purchases of these items. Homeowners will be asked about home improvements and repairs during the last three months and any planned for the future.

For the first quarter of 1970, the survey showed an increase in the number of households expecting to buy a used car compared to April 1969; there was no corresponding upswing in new car

expectations. Expectations to buy houses remained depressed. Expectations to buy furniture, floor coverings, and home improvements were not significantly different than in April 1969.

Information supplied by individuals participating in the survey is kept confidential by law, and will be published only in the form of statistical totals.

... PEOPLE WHO SAVE AT THE STATE BANK OF ANTIOCH EARN THE HIGHEST BANK INTEREST RATES PERMITTED BY LAW... THEY GET A CHOICE OF THE FOLLOWING SAVINGS PLANS THAT ALLOW THEM TO CONVENIENTLY TAILOR ACCOUNTS TO THEIR SPECIFIC NEEDS.

NEW 4 1/2% REGULAR PASSBOOK ACCOUNT

All deposits on our new regular passbook account earn you a guaranteed 4 1/2% interest, compounded daily from the day of the deposit to the day of withdrawal with interest payable quarterly as long as you keep the account open. You can open your account with any amount and you can get your money whenever you want it.

5% — 5 1/2% — 5 3/4%

CERTIFICATES OF DEPOSIT

Certificates of deposit, as single maturity certificates or as automatically renewable certificates, are available to you in the amount of \$200.00 or more. Interest is paid quarterly and can be mailed to you by check or credited to your account.

Ninety day certificates pay 5% interest.

One to two year certificates pay 5 1/2% interest.

Two to five year certificates pay 5 3/4% interest.

5% GOLDEN PASSBOOK ACCOUNT

Open your account with \$100 or more, add deposits of any amount at any time. 5% guaranteed interest is compounded daily and payable quarterly. During the first 10 days of each calendar quarter, you can withdraw without notice funds which have been on deposit for one full quarter. To make withdrawals at other times you simply notify the Bank in writing 90 days in advance. You may leave the interest in your account to compound, have it automatically added to your checking account, or have it mailed to you.

NEW 5 3/4% GOLDEN PASSBOOK CURRENT INCOME PLAN

Your high 5 3/4% interest earnings are compounded quarterly and guaranteed up to five years on this new current income plan. This means that your money will keep on earning that 5 3/4%, no matter how low interest rates may drop everywhere else. The exact maturity date you select may be the first day of any calendar quarter, any time within 2 to 5 years from now. You can open your 5 3/4% Current Income Passbook Account with an initial deposit as low as \$100.00. You can make additional deposits of any amount up to 2 years before the maturity date. Open yours today!

NEW 5 3/4% GOLDEN PASSBOOK DEFERRED INCOME PLAN

You may be able to gain substantial tax savings with this new deferred income plan. It pays you the same high 5 3/4% interest as the Current Income Plan and everything else is the same except that interest earnings are deferred until the maturity date. This means that if you're in a lower tax bracket when the account matures — because of retirement, for example — you could realize real tax savings.

Legion Auxiliary

By Del Jahneke

The Second Division Convention was held in Morris, Ill., on June 28th, by the American Legion and the Auxiliary. Morris was bedecked with many colorful signs welcoming the Legionnaires and there were hundreds of American flags on the main streets of this little city.

It was a royal welcome for the approximately 400 Legionnaires and auxiliary members in attendance. The men met at the Morris American Legion Home, while the women were at the Eagles' Home.

Heading a delegation of some 35 members from the 10th District Auxiliary were Mrs. Robert Broeger, Deerfield, District President-elect; Mrs. Joseph Hogue, Waukegan, District Vice President-elect; Mrs. Ray Rathmann, Antioch, 2nd Division Historian; and Division Chairmen, Mrs. Richard Brady, Gurnee; Mrs. Edward Jahneke, Antioch; Mrs. Herbert Gleason, Libertyville; and Mrs. William Franzen, Vernon Unit.

The 10th District Publicity Press Book, compiled by Mrs. Jahneke, was judged first in division competition. In the unit press book section, McHenry Unit placed first, and Libertyville Unit, second. All three books are now entered into state competition.

Mrs. Brady, 2nd Division Child Welfare Chairman, gave a personal gift to Mrs. Franzen's 10th District Child Welfare Report, considering it the best year round program.

Two Citations of Merit were presented to the 11th and 12th District Communications Chairmen for their excellent year's record of radio and television coverage, by Mrs. Jahneke, 2nd Division Communications chairman.

Gwen Brown, Lake Forest, won first prize with her Americanism essay in division competition. Her essay is also now in state competition.

Mrs. Richard Stastny, Mundelein, received an award for the best year-round report of District Junior Activities, from Mrs. Elaine Murphy of Aurora, Division Junior Activities chairman.

In the Division Coupons Program, Mrs. Gleason gave the impressive totals of 171,550 coupons, 113,652 dog food labels (used only for purchasing Seeing-Eye Dogs for blind veterans) and 2,778 coupons saved by juniors. The projects chosen for the use of the saved coupons were: replacement of the water purifying systems at "The Haven"; a recreation center for veteran patients at Marlon and Anna VA Hospitals, gifts to senior citizens' Homes, and an ambulance to transport elderly patients from the Illinois Sallor and Soldier's Home in Quincy.

According to Mrs. Franzen, who held both the division past presidents' parley and poppy chairmanships, her reports totaled from four districts, was splendid. In the past president's parley program, 1900 ex-service women in hospitals were remembered with \$2,316 spent in gifts and creature comforts for them. Over \$3,700 was donated to the Veteran's Craft Exchange. More than 1,400 lbs. of carpet rags were donated to the veteran exhibitors for an assessed value of \$1,400. Many other hundreds of dollars were given in miscellaneous activities by the unit past president's parley groups.

Over \$32,000 profit was realized from the sale of 189,750 poppies in 2nd Division. This is the net total after the hospitalized veterans have been paid for their work in assembling the poppies. This money can only be used in child welfare and rehabilitation programs for the needy veteran and his dependents.

A Memorial Service was conducted by the division chaplain, with the four district presidents participating in it. The Glen Ellyn Trio sang appropriate music during the ceremony.

Election and installation of division officers was held, with Mrs. Gill as installing officer. Mrs. Ray Rathmann of Antioch was installed as 2nd Division Treasurer; with Mrs. Victor Jovanovich, Ottawa, the new Division President; Mrs. Una Butt, Freeport, Division Vice President; and Mrs. E. Murphy, Aurora, Division Historian. Other division officers are appointed by the new Division President, and none are from this area.

Other distinguished guests were Stan Kennedy, Toluca, State Commander of the American Legion; State Field Representative John Mould, Wauconda; 2nd Division Commander Ralph Coop, Minooka; and Division Commander-elect Leo Wolfe, Rock Falls.

The Auxiliary session was conducted by Mrs. Clarence Sandberg of Joliet, 2nd Division President. Division Commander Ralph Coop was in charge of the men's convention.

Antioch Doctor Re-Elected

Edward R. Abderholden M.D., Antioch has been re-elected to active membership in the American Academy of General Practice, the national association of family doctors.

Re-election signifies that the physician has successfully completed 150 hours of accredited postgraduate medical study in the last three years.

Members become eligible for re-election at the end of the third year following their election to membership.

The Academy, the country's second largest national medical association, is the only national medical group that requires members to keep up with medical progress through continuing education.

The Academy, founded in 1947 and headquartered in Kansas City, Mo., has been instrumental in the establishment of a new primary medical specialty in family practice.

The new specialty is expected to increase the numbers of family physicians available to serve the public in the future.

The Academy's post graduate education program is the foundation of eligibility for family doctors now in practice who apply for certification in the new specialty.

Social Notes

By Del Jahneke

Mrs. Frank Kennedy, Sr., has just returned from a ten day visit to Torrance, Calif. While there, she attended the wedding of her granddaughter, Jill Kennedy, (formerly of Antioch) to John Howlett. The wedding was held June 20th, at St. Andrew's Episcopal Church.

The bride, daughter of Mrs. Dorothy and the late Frank Kennedy, Jr., was beautifully attired in a white polyester crepe gown, long sleeved, with a high mandarin collar, and long train. Her high empire waistline was outlined with pearls and gold braid. An unusual feature of this bridal ensemble was her matching polyester crepe hood, also trimmed in pearls and gold braid. Mrs. Howlett's bridal bouquet was white roses.

Mrs. Jacqueline Ann Weaver, the bride's sister, was matron of honor. She wore a similarly styled nile green dress, with matching hood, also trimmed in pearls and gold braid, as did the other three bridesmaids. Mrs. Weaver carried four white roses, with each succeeding bridesmaid carrying one less white rose.

Mrs. Howlett was given in marriage by her brother, Michael Kennedy. There were two pretty flower girls and a ring bearer, all relatives of the bridegroom. Three brothers of John Howlett were honor attendants.

The reception, following the wedding, was held at Del Coni's.

The senior Ed Jahnekes, Beach Grove, and the Robert Dunlaps, Grass Lake, were guests at the June 13th wedding of Mrs. Jahneke's niece and Lenore Dunlap's cousin. Miss Dorothy Ide, daughter of the Charles Knight Ide of Downers Grove was united in marriage with Gerald McCann of Indianapolis, Ind., at afternoon services in St. Mary's Catholic Church in Downers Grove. Afterwards, the four of them were present at the dinner party and dance, held at the Aeacola Country Club in LaGrange. Approximately 250 guests from many states enjoyed this lovely affair.

One unusual, but pleasant surprise gift, were two beautiful Hawaiian leis, air-mailed in for the new bride and groom, from a sorority sister of Dorothy Ide McCann, now living in Honolulu.

'Neighbors' Set Meeting For July 14

The Royal Neighbors Olson Camp met at the American Hall on June 23rd — Effie Nelson marched in with the American flag and pledge of allegiance was said by all neighbors and opening songs were sung.

Secretary Laura Thayer read the minutes and also reported that our member Alvina Willett cut her foot quite badly while mowing her lawn — also sympathies were sent to Mrs. Russell Smith who lost her husband.

Oracle Irma Hostetter welcomed Ida Kufalk and Alma Loubert who is here visiting from Florida. A card party was discussed and a date will be announced at our next meeting.

The hostesses for the month were Ada Nicholas and Gladys Wilton who served delicious pies and broken glass tort. Cards were played by all members and a happy evening was enjoyed by all.

The next meeting will be July 14th at 8 o'clock.

County Speech Contest Winners

Eileen Regner, 16, daughter of Mr. & Mrs. Alfred Regner, McHenry, and a 4-year member of the Volo Busy Bees 4-H Club and Rick Kubetz, 16, son of Mr. & Mrs. Richard Kubetz, and a 7-year member of the Chain O' Lakes 4-H Club were high scorers in the Lake County 4-H Public Speaking Contest. Eileen's speech was entitled, "Let's Live" and related to highway safety.

Rick Kubetz spoke on the subject of "Drugs, A Matter of Death." These two 4-H members will represent Lake County in the State Public Speaking Contest to be held at the Illinois State Fair on August 15.

The first alternate in the boys division was Frank Titus of the Happy Hayceeds Club whose speech was entitled "American Medicine". In the girls division the first alternate was Becky Boyer of the Barrington's Flynn Valley Club with a speech entitled "What America Means To Me".

In addition to the above members, the following earned blue ribbons: Dolores Russell, Wauconda Agricultural Club; Patsy Russell, Volo Busy Bees; Joy Schimmel, Warren Wranglers.

The 4-H Club Public Speaking Activity is a part of the 4-H program of the Lake County Cooperative Extension Service and is under the supervision of the Extension Advisers.

PACK CAREFULLY

Packing an automobile for a trip should be done sensibly. If roof racks are used, make sure everything is fastened securely.

Pack luggage securely in the trunk and above all, keep the top of the back seat clear of articles which can become hurtling missiles in the event of a quick stop. Always give the driver a clear view through the rear-view mirror, and arrange to have plenty of elbow-room for driving. "Bring 'Em Back Alive!"

Barr Acquires Colonial Funeral Home

Mr. and Mrs. Wm. M. Barr wish to announce their acquisition of the Colonial Funeral Home located at 532 Lake St., Antioch, henceforth to be known as the Barr Funeral Home Colonial Chapel, phone 395-2303.

In Chicago where we have served the north side for years, our reputation has been built up on the premise of Dignity, Understanding, and Personal Service. This is our intention in becoming active members of this community. It is our hope that you will find our chapels tastefully furnished and decorated, providing a dignified homelike atmosphere.

So that we may better serve and be active in the community, we will be living with our seven children in Warriner's subdivision, Antioch, Ill., with my wife's father, John Harrington, living above the funeral home.

Orientation Sessions Scheduled

Walter Petersen, Director of Counseling at the College of Lake County, announced that Career Orientation Sessions are being held on the College campus each evening throughout the summer for high school graduates interested in attending CLC in the fall.

The sessions are open to all high school graduates who have completed an Application for Admission and who have submitted high school transcripts and ACT scores to the College Admissions Office.

Each three-hour orientation session is designed to inform students of the occupational and educational courses offered at CLC. Students are given an opportunity to discuss their plans with the College counseling staff in order to better define what their long-term goals will be when they enroll in the fall. CLC students are also on hand to answer any questions about the College and conduct tours.

Petersen indicated, "These sessions are most beneficial for all students, and I suggest that anyone interested in attending the College of Lake County this fall submit their Application for Admission, high school transcripts, and ACT scores as soon as possible so that Counseling Department can schedule them for a Career Orientation Session."

For further information about the Career Orientation Sessions, please contact the College Counseling Office, telephone number 223-8913, extension 30.

Servicemen Exempt From Tax

Illinois servicemen are exempt from paying 1970 and future state income taxes on their service pay as a result of legislation signed by Gov. Richard B. Ogilvie.

Under the new Illinois act, Senate Bill 1310, all service pay of any Illinois resident on active duty anywhere is exempt. Federal income tax is still required on pay of servicemen not in combat areas where all pay is exempt from federal taxes.

The governor said that "while the measure will bring about a slight decrease in revenue, the amount is small compared to the debt we owe our servicemen."

The act takes effect on July 1, and will entitle Illinois residents to refunds for money without from the service pay they have already received this year.

Motorists can make their July Fourth holiday more enjoyable by being properly rested before setting out. Once on the way, a stop after the first 100 miles and every two hours thereafter is a wise precaution, says the Chicago Motor Club-AAA.

Every two hours is a better idea, especially if children are along. "Bring 'Em Back Alive!"

Men Go For Sterling — More men are taking an interest in table accessories these days, say bridal gift consultants. A man often, in fact, accompanies his fiancée to a jewelry or department store when that first important choice—a sterling flatware pattern—is made. And what if they don't agree? She wins, say the consultants.

Stick To Your Knitting If you want the best-decorated house, the shape-keeping quality, interesting textures, and wrinkle-resistance of knits are being utilized to advantage in imaginatively styled drapery and upholstery fabrics. They come in an incredible range of colors, textures and patterns.

Lip Makings — Keep lipstick colors true — for you — with Lipmaker, new from Avon. This revolutionary product looks like lipstick — glides on like lipstick; but it's really undercoat insurance for your favorite lipstick shade. Choose it in a "Cool" tone to keep pinks rosy true; or "Warm" to keep corals bright. Lipmaker ends feathering problems, too — helps to conceal natural lipline — makes reshaping perfectly possible. Apply it first, then confidently slip on your most dazzling lipstick.

No Hair Pulling for those who use cellophane tape as a setting medium, thanks to a new kind of tape especially developed for hair setting. It keeps your locks where you want them, without pulling or irritating skin.

Gamesmanship makes good decorating, with the new "fad" of using well-designed adult games as decorative accessories. Modern materials, creative styling, imaginative coloring make these increasingly-

popular adult games as beautiful to look at as they are fun to play.

Tops for Fall are the new children's sweaters styled with the same finesse as other back-to-school clothes. Not mere coverups, but fashion accessories on their own are knits of Creslan acrylic fiber in all the newest looks — big-stitch textures, precise art-deco prints, fleecy-knit "joggling jackets".

Extend the Cranberry Season — Freeze several boxes of fresh cranberries now available in food stores (September 15-December). The berries will retain their color and form and are easy to handle frozen. Now you can serve your favorite cranberry recipe without watching the calendar.

Rockabye Baby in a modern adaptation of the age-old hammock — a hammock crib! Little more than a mattress plus netting, the hammock crib is ideal for travel or summer places. It's so designed that baby can't climb the netting or fall out.

Nitro Fuel Dragsters Featured

The supercharged nitro fuel dragsters take over the spotlight as the "National Championship Drag Races" head into the final two days.

The sleek 220 MPH racers will compete Saturday night at 8:30 and again Sunday at 2 p.m.

Don Garlits of Seffner, Florida & Chris Karamesines of Chicago spearhead a stellar field of the country's finest dragster-pilots. Karamesines had the best speed of the meet last year at 224.11 MPH while Garlits is the defending champion.

Other entries include Leland Kolb & Kelly Brown of San Francisco; John Wiebe of Wichita, Kansas; Fred Welchman & Dan Wingert of Milwaukee; Dave Power of Dubuque, Iowa; Tommy Ivo, Tony, Nancy & Rod Dunne of Los Angeles; Beanie Osborn & Bob Creitz of Tulsa, Oklahoma; Marv Schwartz of Tampa, Florida; Bruce Ross, Doug Walton, Vern Anderson of Minneapolis and Jim Nicoll of San Diego.

Wheelstanding racers are also featured in Saturday nights and Sundays races.

The Great Lakes Dragaway is located 12 miles north of the Illinois-Wisconsin state line and 4 miles west of I-94 at Union Grove, Wis.

July Schedule Announced For I.R.A. Supers

The Interstate Racing Association of modified and sportsman stock cars has just announced its schedule for the month of July and it is the heaviest number of dates so far for the Supers of the Seventies.

Starting with Wednesday night, July 1, the modifieds will start a schedule that will see them on four different tracks running what could be more than a dozen dates. Wednesday nights at Raceway Park in Blue Island are scheduled through July 8 but are expected to be continued through the month. Ron Bergsma won the first feature there two weeks ago and Roger Otto won there last Wednesday night. Whitey Harris has set fast time both nights and has set not only a few all time low record for modified stock cars, but has also set an all time Raceway Park record of 12.54 seconds.

The first Saturday night in July at Wilmet will be on the Fourth and the modified stocks will race in a Firecracker Forty Feature. They wind up the four Saturdays

in July on the 25th with a 50 Lap July Championship race.

They race on Friday night July 3 at the Waukegan Speedway in a 50 lap feature race program.

Sunday nights at Lake Geneva Raceway will start off with a Kids Sparkler Penny Night on July 5. Hundreds of pennies will be tossed onto the track and kids can pick up all they can. Two age groups will be allowed on the track at two different times. July 19 will be the modified stock car Mid-Season Championship Race night for 40 laps and the fourth and last Sunday at Lake Geneva will be a special night with Free Racing movies following the races.

Swimmers Whip Kenosha Team

The Antioch Swim team, 72 strong, had its opening meet of the season on Saturday, June 20, against the Kenosha A. A. U. Club at Tremper High School in Kenosha and whipped its host 380-158.

Leading from the first event, Antioch won 47 of the possible 68 races.

Leading the youngest age group (8 and under) were John Schmidt, Rick Sampolinski and Heidi Stanczak.

Garnering first for the 9 and 10 age group were Jack Fields,

Dave Hiltnerberg, Mariann Mutaw, and Jenny Schmidt. Dave Berry with three individual first places led the 11 and 12 age group.

Pat Muro, Eddy Berry, and Barb Dodd all won multiple first places for the 13 and 14 age group. The 15 and 16 age group almost scored at will, piling seconds and thirds on top of its first.

Leading this group were Mike Muro, Mike Edwards, Bill and Jim Vorhies, Bill McConahay, James Jasper, Jane Berry, and Sarah Hollenhorst.

Babe Ruth League

The Advertisers squeaked thru with a 4 to 3 win over the Dairy Queen, with Newton working real hard for the Dairy Queens with 14 strikeouts. He also walked 10 men to hurt his own cause. The winning pitcher Wirth did a fine

job with 8 strikeouts. It was anybody's ball game right to the end.

JUNE 23—
The first place team Antioch Drugs, almost had their apple cart tipped by the State Bank nine with Pawlowski on the mound for the State Bank. It was a 7th inning comeback for the Antioch Drugs. The losing pitcher was Klean.

JUNE 24—
The second place Shure-Fire team defeated the Dairy Queen with Amundsen pitching a real good game. But not enough support from his team. At the plate Tim Mieur pitching for Shure-Fire held the Dairy Queen hitters down enough to pick up a 7-3 victory.

JUNE 25—
The still fired up Antioch Drugs with 6 scalps dangling from their belts, went out and gathered their 7th by defeating the Advertiser 18 to 11 in a long hit fest, which was called on account of darkness. In the seventh, The Advertisers were showing quite a bit of fight at the end, but the clock was against them and Tom Underhill got the win and Glover was the losing pitcher.

Little League Action

On June 22 the Cubs played the Sox. The highlight of the game took place when Mitch Witt hit his second home run of the night. In his first time at bat he hit a homer and then he did the same thing again in his next time at bat. The final score was the Cubs 5 runs on 6 hits with 3 errors, and the Sox 3 runs on 4 hits, with 2 errors. Sheddlo was the losing pitcher and Mitch Witt was the winning pitcher.

In the second game on June 22, the Tigers met the Yankees. The Yankees were in charge from the start of the game as the Tigers were held to 3 hits. The final was the Yanks 7 runs on 8 hits with 3 errors and the Tigers 4 runs on 3 hits with 5 errors. Tossey was the winning pitcher and Tom Gutowski was the losing pitcher.

On June 23 the Pirates played the Giants. The Giants came out on top as they held the Pirates to 2 hits.

The final was the Giants 7 runs on 9 hits with 1 error, and the Pirates no runs on 2 hits with 5 errors. The winning pitcher was Isaacson and Halbeck was the losing pitcher.

In the second game on June 23, the Cards met the Dodgers. The Dodgers had control of the game as they belted the Cards 19 to 3. The Cards had 4 hits as opposed by the Dodgers' total of 14 hits.

The final was the Dodgers 19 runs on 14 hits with 3 errors, and the Cards 3 runs on 4 hits with 5 errors. Deboer was the winning pitcher and the losing pitcher was Parker.

On June 25 the Tigers played the Pirates. The Tigers won with a final score of 4 to 3. Eslinger hit a home run for the Pirates in the fifth inning. The final was the Tigers 4 runs on 8 hits with 3 errors and the Pirates 3 runs on 3 hits with 2 errors. Stiecker was the winning pitcher and Wurster was the losing pitcher.

In the second game on the 25th, it was between the Dodgers and the Cubs. The Dodgers came out on top with a final score of 8 to 6.

Mitch Witt hit his third home run of the week in the 6th inning. The final was the Dodgers 8 runs on 4 hits with 3 errors, and the Cubs 6 runs on 5 hits with 3 errors. The winning pitcher was Bridell and Cernak was the losing pitcher.

On June 26 the Yanks played the Cards. The Yanks had control of the game as they defeated the Cards 7 to 5. The final was the Yankees 9 runs on 6 hits with 3 errors and the Cards 5 runs on 6 hits with 5 errors. Zitkus was the winning pitcher and Reckers was the losing pitcher.

In the second game on the 26th the Giants played the Sox. The Giants scored 10 runs on only 4 hits. The final was the Giants 10 runs on 4 hits with 3 errors and the Sox 7 runs on 7 hits with 5 errors. The winning pitcher was Bogaerts and Boarino was the losing pitcher.

Browne's Second Feature Win In Row

The Waukegan Charger, Vern Browne, won his second Sunday feature in a row at the Waukegan Speedway besting Bob May of Gurnee and Tom Jones of Northbrook in the 30 lap feature event. Browne also won the trophy dash, took second in a heat and third in qualifying for a good evening.

The special attraction Sunday night was a "Tell Your Wife Where to Go Race" in which the ladies took the wheel blindfolded and the husbands sat in the back seat shouting directions.

If you can imagine 11 blindfolded women, 11 scared husbands and 11 lost cars, you have pretty well described this race. The largest Sunday crowd of the season was on hand for this event and nobody went home early or disappointed.

In the first lap one car climbed the backstretch wall, and three tangled at the start/finish line. Once the ladies got used to the "right-left-STOP" shouts, the race continued with cars through the infield and off the walls and each other. Jan and Dan Pye of Zion were awarded the win.

Zion was well represented in the hobby feature with the top three spots going to Tom Oliver, Cora Morton and Frank Ginn in the order named. All are from Zion.

Norm Zenko of Highland Park held the feature lead for half a lap before Saturday's winner, Tom Jones of Northbrook got by. After a restart in the second lap, Jones only held the lead until the fourth circuit when Browne jumped in front.

At the fifth lap, the order was Browne, Jones, Ray Young of Dolton, May and Jim Cossman of Waukegan. May passed Young in the 6th lap with Cossman right behind.

In the 12th lap Herb Artelt of Wildwood lost the right rear

wheel off his Camaro and spun crazily on homestretch before hitting the wall and being hit by Norm Zenko. After the restart May closed in on Jones and finally in the 24th lap took over second. At the finish he fell two carlengths short of Browne.

Jones finished third, but Ray Young came back strong with only three laps to go taking Cossman for fourth spot money.

Bob May was the night's fastest qualifier with a 14.38 lap, only .07 seconds off the one lap mark. May also was the winner of the third heat, taking the lead from Bob DeJany of Roselle with just three laps to go.

Paul Craddock of Round Lake picked up the first heat win by missing both Toby Aaron of Zion and Roy Hansen of Racine as the two leaders collided and spun with only two laps to go. The second heat went to Cossman with Browne, Young and Jones in hot pursuit.

Next weekend at the Waukegan Speedway there will be three nights of racing, each topped with a 50 lap feature race. Starting on Friday night, July 3, the modified stock cars will make their third appearance of the season. Chuck Acheson of Milwaukee and Whitey Harris of Lake Villa are one-two in the points, each with a feature win to their credit.

Saturday and Sunday will feature late model and hobby stock racing with 50 lap events on both nights. Also on both Saturday and Sunday there will be Fireworks Displays.

Time trials will begin at 7:15 both nights with the first race going to the line at 8 p.m. In case of threatening weather, the Speedway maintains an answering service at 662-8200 to advise fans of the latest weather conditioning.

Tom Jones Edges Young In Feature

Tom Jones of Northbrook edged Ray Young of Dolton in a very close feature race at the Waukegan Speedway Saturday night. Jones pushing his 1969 Chevrolet in the lead on the 11th lap for his first late model feature win at the Waukegan Oval.

Jones this season is running the Waukegan track whenever he is not racing his USAC late model. The 27 year old driver's spectacular defeat of defending champion Jones in the main made Jones an instant favorite with the Waukegan fans.

The feature had five leaders before Jones moved in front. Norm Zenko of Highland Park and Paul Craddock of Round Lake shared the lead on the first lap with Bob Roper leading for two more before Waukegan's

Cossman held the lead until the 8th lap when Young moved by and looked like a winner. Jones didn't give an inch and in three laps he worked past Young with Cossman taking second on the next lap.

Both Young and May passed Cossman at the halfway point with Young closing back in on Jones. Jones slid high in the 21st lap and Young nearly took the lead. In the 24th lap Young did take the first spot back as Jones slid again in the second turn, but Tom Berk of Glenview lost his engine at that point and the race was stopped to dry up the oil and remove his car.

Since the restart went back one lap, Jones regained the lead. In the 27th lap Ralph Cabrera of Chicago took a nasty spill right in front of the east stands after his car broke an axle. The car flipped high in the air, but came down on all three in a shower of sparks.

Jones maintained his lead for

JUST WHO IS PROTECTED?

An article in the Cleveland, Ohio, Leader asks, "Just who is protected? Recently, a farmer in Iowa rigged up a device to foil burglars who had been breaking into his house at a rapid rate. A burglar climbed through a window one evening and was shot in the ankle by a shotgun that was rigged up to a string. The burglar was arrested and fined \$50 for entering a house at night. He turned around and sued the owner of the farm for \$35,000 for getting shot in the ankle. He was awarded the money through court action and the farmer has to sell his farm to make a down payment to the burglar. What will be next?"

Firemen Win Over Round Lake

The Antioch Water Fight team participated in the Round Lake Firemen's Days by competing. There were 21 teams in the water fights; Antioch vs. Barrington; then they took on the Wilmet, Wis., team. To advance to the semi-finals, then then beat Pleasant Prairie, Wis., and finally whipped Waukegan, to take home the first place trophy.

Captain of the team is Frank "Dutch" Kuechenmeister. Teammates are Bernie Gutowski, Jerry Van Patten, and Dennis Volting. Two other fellows also served on the squad. They are Bill Eckert and Vern Burdick.

There are water fights being held almost every Sunday soewh held somewhere in the county would like to watch them (no admission charge, of course). get in touch with one of the firemen. They can give you the information you desire.

The guys hope to bring home a few more trophies this year.

Tom Jones Edges...

(Continued from page six)

the final three laps after the last restart with Young right behind in second followed by Bob May of Gurnee and Jim Cossman. Bob Roper finished fifth. Jones and Young dominated the late model action all night with Young setting fast time, but Jones just defeating Young in the six lap trophy dash.

In their heat race, Scott Moore of Mundelein, Roper and Cossman all led before Young took over first on the 6th lap. Jones gained the first on the 7th lap, but Young brought the crowd to their feet on the next lap as he passed Jones. The pace was so fast in this event that Young trimmed .77 second off the old lap standard.

Paul Craddock of Round Lake led most of the way to win the first heat and Bob Anzinger of McHenry won the third heat passing Roper with two laps to go. Anzinger was the night's second fastest qualifier, but dropped out of the feature when the rivets in his differential sheared.

Wildwood's hobby stock sensation, Tom Reuss, made it two features in a row Saturday as he beat Tom Edwards and Frank Ginn, both of Zion. Edwards won one of the heats while Rich Fikes of Waukegan crashed home the winner in the other one.

The hobby stock cars will join with sportsman cars from other tracks in the second "semi-late model" program on Friday night, July 10.

Ill., until moving to Chicago in 1936,

Funeral services were held at 3:30 p.m. Monday, June 22 at the Strang Funeral Home in Antioch. Rev. Ray Kotwicki of the Salem Methodist Church officiated. Interment was in Hillside Cemetery at Antioch.

NI-Gas Limits Potential Large Users

Northern Illinois Gas Company has announced that more strict limitations on natural gas service to potential new large-use industrial and commercial applicants will begin immediately.

The company applied to the Illinois Commerce Commission after the Natural Gas Pipeline Company of America indicated it will probably not be able to meet its present contractual commitments to NI-Gas.

Under the revised policy, only large gas-use applicants will be affected. Service to all existing customers, and to new residential or small commercial customers, will not be affected, officials announced.

The NI-Gas action followed a more stringent curtailment of service by The Peoples Gas Light and Coke Company made necessary because of limited new gas supplies currently available and the Chicago Air Pollution ordinance which becomes effective July 1. NI-Gas provides gas service to most of the suburban area and much of northern and central Illinois.

NI-Gas spokesmen emphasized that the company would continue to search for new sources of natural gas and to encourage more exploration in order to help solve the temporary slack in natural gas supply.

MAKING A STRETCHER

Emergency situations may require moving someone by stretcher. You can make one by buttoning two shirts or a coat over two sturdy branches or by wrapping a blanket in thirds around branches or two poles, instructs the Information Bureau of the Cooperative Blood Replacement Plan.

AUTO ACCIDENT VICTIMS

Never move an injured person before a physician or ambulance crew arrives, unless there is great danger of his receiving additional injury by being left at the accident site.

LIFE ASSURANCE

A one-pint blood donation today can assure you and your family free blood replacement anywhere in the United States. For information call the Cooperative Blood Replacement Plan, 2000 N. Lincoln Park West, Chicago, Illinois 60614, or call 477-7500.

We at **ANTIOCH SAVINGS**
would like all our Savers
to clearly understand
the details of our Savings Plans.

With so many plans available it's easy to become confused. So we thought it's time to explain fully and in as plain a language as possible, the many advantages available to Antioch Savers.

As a starter we prepared the accompanying chart which

outlines **IN DETAIL** our various types of savings accounts - - Rates, Maturities, Minimum Requirements, Withdrawal Penalties, etc. are all clearly spelled out.

And remember - - in the case of **ALL PLANS** at Antioch Savings

1. *We pay the highest rates permitted by law.*
2. *Our rates are higher than bank rates.*
3. *Withdrawals before maturity of any type of account or certificate are penalized the MINIMUM required by Federal Regulations.*
4. *At Antioch Savings — NO notice of withdrawal is required on ANY savings plan.*
5. *All accounts insured by the Federal Savings and Loan Insurance Corporation up to \$20,000.00 and remember also, our reserves are much higher than required by Federal Regulations.*
6. *Interest compounded daily on ALL accounts.*

HOME IN AMERICA—Fred and Luise Menninger, natives of Germany, owe their comfortable home and its attractive yard—complete with swimming pool—to old-fashioned thrift and confidence placed in them by Antioch Savings and Loan Assn. Two-year-old Mark, blonde and blue-eyed, and American as apple pie, loves to romp among the fruit trees in the large yard overlooking Lake Marie. His grandparents from Germany claim they can not understand him because he only wants to speak English.

Assn. Supplies Home Buyers Special Services

by **GEORGE VISTAIN**
Vice President and Sec.
Antioch Savings and Loan Assn.

What kind of a financial institution is a place like Antioch Savings and Loan Assn?

That's a good question and it is asked frequently by members of the public.

Our association is a place (1) to save money and (2) to get a home loan. We have a variety of other services, but these two functions are essentially the reasons for our existence.

A savings and loan association is a distinct being. Of utmost importance is the fact that it is a community financial institution, designed to serve the people of its immediate vicinity.

Antioch Savings, like other savings and loans, lends the savings entrusted to it to the people who want to buy or build homes and who must have credit in order to do so.

The loans that are made are paid back in monthly installments. Associations like ours are the only specialized homeowner credit institutions in the entire American financial system.

Because of our specialized nature and our years of sound management by experienced local people, you can expect to get home financing most adaptable to your needs and responsibilities.

LOCAL LANDMARK

The distinctive time and temperature indicator at Antioch Savings and Loan Assn. has become a northwest Lake County landmark. The impressive device is used as the saving institution's official sign.

Immigrant Artisan Traces Success To Backing From Antioch Savings

When Manfred (Fred) Menninger counts the blessings of his adopted homeland he is proud to relate the help he has received from Antioch Savings and Loan Assn.

Menninger, a skilled china decorator, came to the United States only nine years ago, unable to speak English and only enough money in his pocket to get him to a job in New York where several of his six brothers and an uncle live.

Since his arrival in a strange land, Menninger has established a record that is short of amazing.

He has identified himself as one of the outstanding china artisans in the nation, become a popular and respected member of his community, brought his fiancée to this country, and turned a one-time summer cottage into an attractive home for his wife and two-year-old son.

Antioch Savings was instrumental in getting Menninger established and helping him purchase a home that overlooks a scenic beach on Lake Marie.

Modest to the point of reticence, Menninger, 35, speaks of his accomplishments reluctantly.

"You do what you can, usually when you can pay for it," he adds with a grin.

Their home, situated on three lots in Lakeview Subdivision, is one of the few things Fred and his red-haired wife, Luise, ever purchased without paying cash.

His wife, their handsome tow-headed son, Mark, their home and his job are Fred's life.

A deep pride is evident as the slightly built, dark curly-haired china artist describes the chain of events that brought him from Kempten, a 2000-year-old city

in the Bavarian Alps and the headquarters of Rosenthal China Co., where he learned his trade, to Lake County.

Menninger took a job with Pickard China Inc., Antioch, one of the

ninger's loan application.

Recalling that Dr. Vermeren speaks excellent German, Menninger stated, "We had no trouble getting along." Dr. Vermeren quickly sized up the young immi-

laughter when asked if they are skiers. "Oh yes, we are skiers. We started as children. But we ski in the mountains. Around here, well, these hills are where the children learn in Germany."

Fred and Luise can't contain their enthusiasm for America in general and their neighbors in particular. "I couldn't believe it at first, but everyone is so friendly. In America, everyone cares about you," stated Menninger, possibly thinking back to the day that he sought help from Antioch Savings in buying a home. And he got it!

The neighbors rely on Fred for keeping up the beach and his handiwork. In return, he provides transportation whenever needed to O'Hare Airport.

"I'm the O'Hare chauffeur, but I'm happy to do it. I get a kick out of watching the planes land and take off."

Menninger paused to reflect on his strides since arriving in the United States.

"If you've got respect for others, they'll have respect for you."

That simple credo speaks much louder than his soft words.

Tots Have Reason For Their Saving

Antioch Savings and Loan Assn. knows the quickest way to a child's heart: A lollipop!

Every youngster who adds to a savings account is rewarded with a candy sucker from the big lollipop tree in the lobby.

Some children keep well supplied with lollipops by adding to their savings account every week.

leaders in the production of fine china. Living modestly and putting away the earnings of working six days, nine-hour-a-day weeks, Fred's first step was to bring Luise to America.

They were married in a simple civil ceremony in Waukegan in 1962. "We didn't have a party. I think we only had \$30 to our name. But were able to take our witnesses to dinner afterwards," the couple said almost in unison with a chuckle.

Their interest in Lake Marie stems from renting a home following their marriage.

From the moment they opened a savings account at Antioch Savings in 1965, they began planning for the day when they could move into their own home.

Almost constant searching for a place — "that we could afford" Fred stressed — took them to a place on the east side of the lake dotted with cherry, apple and pear trees and plenty of room for a lawn, garden and flower beds.

Dr. John Vermeren, president of Antioch Savings at that time, personally inspected the house and grounds, and approved of the Men-

grant as a man who could accomplish things. With a lot for collateral, a mortgage was arranged with ease.

Never called by his full name anymore, Fred has upheld Dr. Vermeren's estimation and then some!

The couple has changed completely the appearance of their home, both inside and out. Fred, whose artistic skill is complimented by such mundane abilities as carpentry and plumbing, installed a modern kitchen with built-ins.

He changed the basement to include a rec room that any homeowner would admire. And it's complete with a bar where beer and schnapps is dispensed with pride.

The lakeside home offers Menninger plenty of opportunities to follow his interest in fishing and yard work. Home improvement work, though, taking up most of the winter evenings and weekends, hasn't left much time for his hobby of oil painting with palate knife.

Pressed for his favorite painting subjects, the china artist explained, "Mostly mountains and deer—things I remember from Germany."

Both Fred and Luise broke into

Keeping Up With Dr. John Vermeren

Founder A Man of Many Talents

Few men have the ability or energy to excel in more than one field in their lifetime.

Dr. John C. Vermeren, founder and the guiding force of Antioch Savings and Loan Assn., has achieved prominence in five diverse fields of endeavor. It was only recently that he decided to go into "semi-retirement."

Before that Dr. Vermeren's daily routine would have left nearly a half dozen men breathless!

Besides a distinguished medical career, Dr. Vermeren excels in finance, aviation, diplomatic service and community development.

Until he assumed a slower pace, it wasn't unusual to find Dr. Vermeren in the operating room early in the morning, consulting with patients at mid-morning, attending a diplomatic function at lunch, presiding at a loan committee meeting in the afternoon, and piloting a plane for an evening flight to another city to speak at a convention the next day.

Dr. Vermeren's astute business sense saw him forecasting the current "soft period" in the U.S. economy three years ago and calling for some kind of wage and price controls at that time.

Today his still busy schedule brings him to Antioch at regular intervals from homes he maintains in Miami, Fla., and Cape May, N.J. to conduct business at Antioch Savings where he is chairman of the board.

Dr. Vermeren became enchanted with the Jersey Atlantic seacoast during World War II while serving as a Naval medical officer in command of the hospital at the U.S. Naval Air Station, Wildwood, N.J.

His Naval experience began in 1925 after receiving his M.D. degree at Loyola University. He returned to active duty in 1942 as a commander and saw combat service aboard an aircraft carrier in the South Pacific.

It was in 1940 that Dr. Vermer-

en's reputation as one of the mid-west's ranking eye, ear, nose and throat specialists drew him into the field of finance when he and some associates founded Uptown Federal Savings, now an institution with assets in excess of \$100 million.

Later he helped start a savings firm in Woodstock and in 1960 he and friends in the Chain O'Lakes area, including the then Gov. Otto Kerner, founded Antioch Savings.

During this period Dr. Vermeren continued to care for his patients, serve on the staff or head of the staff of three leading Chicago hospitals, and teach at Stritch School of Medicine at Loyola University.

And at the same time he nurtured his interest in flying, ultimately acquiring a commercial pilot's license for multi-engine aircraft.

For nearly three decades he was active in the Belgium Consulate in Chicago, succeeding his father,

also a physician, who was Belgium's first consul-general to Chicago, in an honorary capacity upon receiving his medical degree.

Dr. Vermeren's involvement in community building blossomed while establishing his medical office in Antioch Savings' new home on Lake St. which opened in July 1963.

Many families throughout the Chain O'Lakes area are in their own homes today through the financial advice and help extended

by Dr. Vermeren. A large number of businesses in and around Antioch can trace their success to the backing from the man of many talents.

It's no wonder then that "Dr. John's" office is a busy spot when he is seated at his 300-year-old desk in the tastefully decorated office with French provincial appointments, greeting the legions of friends and patients acquired over the years.

DR. JOHN C. VERMEREN

Spectacular Growth

Unprecedented Expansion, Service To Community History Of Antioch Savings

Growth of a financial institution to total assets of more than \$17 million in 10 years!

That's the remarkable success story of Antioch Savings and Loan Assn. which is observing its 10th anniversary of service during July.

"Antioch Savings" unprecedented development during the decade of the 1960's is a tribute to the vision and determination of the founders who saw the need for a new financial institution to serve northwest Lake County and west Kenosha County.

Their vision stands today as a savings firm of more than 6,000 accounts, a loaning institution with 1,600 first mortgage loans totaling more than \$23,500,000 made the past decade, and a financial center ranking in the top half of Lake County's 14 savings and loan firms, although it is the second youngest.

With Dr. John C. Vermeren, a noted eye, ear, nose and throat specialist as the guiding force, a group of Antioch area business and civic leaders opened Antioch Savings and Loan Assn. at 950 Main St. on July 11, 1960.

Dr. Vermeren was one of the founders in 1940 of Uptown Federal Savings of Chicago, one of the largest savings and loan firms in the Chicago area, and his experience and interest in finance was put to good use in setting up the new institution to serve the Lakes Region and northwest Lake County.

Coming from Chicago to serve as operating manager was Frederick J. Walpole. Of the founders, the following men comprised the first board of directors:

Dr. Vermeren, president and board chairman; Walpole, executive vice president and director; Edward C. Jacobs, secretary and director; Otto Kerner, treasurer and director; James G. Culbertson, attorney and director, and Dr. Edward R. Abderholden, Howard Gaston and Homer LaPlant, directors.

The fledgling institution showed \$1,265,829.58 in total assets in less than six months operations. Total assets had tripled at the end of 18 months operations and the Main St. quarters were getting cramped.

Antioch Savings officials began thinking of building their own home.

With Dr. Vermeren again providing the impetus for expansion, Antioch Savings Plaza was conceived: a new home for Antioch Savings with adjoining wings for business and professional offices.

Dr. Vermeren insisted on one feature—a community meeting room that would be available at no charge to local civic groups.

Ground was broken for the new edifice on W. Lake St. on Oct. 23, 1962, with a target date for completion of the third anniversary.

Construction ran on schedule and the grand opening at 425 Lake St. was run the month of July, 1963.

Highlight of the construction period was having the governor of Illinois lay the cornerstone. Otto Kerner, a long-time resident of Antioch who was elected governor after helping found the new savings and loan, performed the cornerstone laying task and spoke on May 25, 1963.

At the time of the grand opening

total assets exceeded \$7 million.

Retirements, the death of Mr. Culbertson and the resignation of Governor Kerner when he was appointed a United States Federal judge dictated some director changes.

This provided expansion of the totally local board to include men whose business background covers metropolitan Chicago, thus giving the association and the community added resources and expertise.

Among the prominent businessmen serving on the board in the past decade was Charles Wooding, comptroller and treasurer of National Tea Co.

Jan. 31, 1969, Dr. Vermeren relinquished the presidency to become chairman of the board. Walpole became president along with his duties as managing officer.

Original directors still serving include Dr. Abderholden, Antioch physician and surgeon; Jacobs, Antioch attorney; Joseph Patrovsky, head of a meat packing firm; Dr. Vermeren and Walpole.

Rounding out the present board of directors are the following:

John B. O'Connor, Wilmette, trucking company executive; William P. O'Keefe Jr., Highland Park, corporate attorney, also assistant secretary; Roger L. Pfohl, insurance executive, and also treasurer, and Dr. Richard J. Undercine, Evanston, eye surgeon.

Along with Walpole, the operating officers include:

George Vistain, vice president and secretary; Arlene N. Olszewski, assistant treasurer and assistant secretary; and George Etten, loan officer.

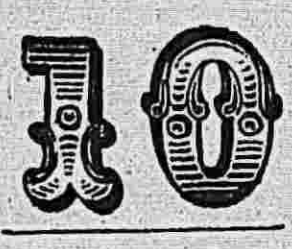

Two committees are maintained in support of the board, executive committee, which advises the board generally and offers special recommendations, and the loan committee which processes loan applications.

Members of the executive committee include Homer LaPlant, Edmund F. Vos, Patrick J. Mullady, Richard L. Curtis, Dr. Vermeren and Walpole.

The loan committee is made up of Jacobs, LaPlant, Vistain, Dr. Vermeren and Walpole.

"Our future depends in part on Federal legislation providing savings and loan institutions more flexible opportunities to better serve their communities. The pent up demand for housing and the general economic conditions prevailing for several years requires in the 1970's the granting of special legislation providing our institution and the savings and loan industry tools to continue to fulfill and meet increased demands for housing in the rapid population growth predicted for western and all of Lake County in the next decade."

Savings Account Turns Into Home For Mullers

To Frank and Elizabeth Muller "There's no place like Antioch." It's where they want to live and raise their children.

Residents of the community for 14 years, they think the people are friendlier, and the opportunities are right for their family.

A year ago they moved from Petite Lake to a home on Beach Grove Rd. "There was too much work at the lake, we had too much land to take care of, so we decided to sell. But we sold it in such a hurry we didn't know where to go. We knew it had to be Antioch, though" said the Chicago transplant.

"When we decided on this home we took the mortgage with Antioch Savings and Loan Assn. We knew George Vistain for years. He's a real nice guy and he was most helpful, explaining everything that had to be done and what legal steps had to be taken.

"We had a savings account with Antioch Savings and it seemed logical to go to them for our mortgage," explained Mrs. Muller.

Frank, Jr., 22, also has a savings account at Antioch Savings. He opened it in 1961 when he was 13. The Mullers have always encouraged their children to save some of their earnings.

He is presently employed at Illinois Bell and is also in the Army Reserves.

Mary Lou is a senior at Antioch High School and is in the Color Guard. She works at the Antioch Theater and according to her mother pays her own way.

"I always told her, even though you don't put much money away, at least when you do you have something when you need it."

So Mary Lou is also known at Antioch Savings as a regular depositor.

The youngest Muller, Patti, is four years old, so she hasn't been introduced to the world of savings yet.

The father and head of the household, Frank Muller, drives a truck for Jays Potato Chips. One day a week he has deliveries in Antioch. However, his route takes him over a considerable part of the county.

There's something special about the people in Antioch is the Muller opinion.

"It's like when we go to Antioch Savings and Loan, we know everybody. Everyone is so friendly from the president to the girls who are the tellers. We know Antioch is the town for us."

Couple Sells Home To Daughter With Help From Antioch Savings

Mr. and Mrs. Frank Splitt of Hillandale Ave., Petite Lake, paid cash for their present home, but the services of Antioch Savings and Loan Assn. came into the picture when they decided to sell their home in Oakwood Knolls to their daughter Dorothy and her family.

Having been savers at the institution that is presently celebrating its 10th year in business, the Splitts suggested to Mrs. Phil Lindberg, their daughter, that she and her husband inquire at Antioch Savings for mortgage arrangements.

"I've always enjoyed doing business with the people at Antioch Savings and Loan. I really find them friendly. We go there every week, make out money orders and deposits. We are always treated in the same friendly way," stated Mrs. Splitt.

She explained all but one of her six children are married and live away from home but Thomas and Chester still have savings accounts

at Antioch Savings and Loan.

Since moving to their present home, Phil Lindberg has become one of the guiding lights in the Antioch Little League. His neighbors are happy a man of his caliber has become a part of their neighborhood and Phil and Dorothy, and their children, Susan, 17, and Phil Jr., 13 enjoy being a part of the Antioch scene.

Mr. and Mrs. Frank Splitt are glad to have their grandchildren nearby. The proud grandfather works in Libertyville as a maintenance man but is planning on retiring in a year and a half.

The Splitt family is one of many who has enjoyed utilizing the services of Antioch Savings to their advantage and to the community's benefit.

Tots Learn Thrift At Antioch Savings

As in most communities it is the difference in people's occupations and attitude toward living that makes life interesting.

Dr. Donald Behling is one citizen who keeps very busy teaching school and conducting the Antioch Hearing Aid Center. "I could be satisfied living on a teacher's salary, but I prefer to supplement it with work at the hearing center."

"I have been in the hearing aid business for 10 years, I was in Dr. Burke's Clinic when Antioch Savings and Loan Assn. was located on Main St. Then when they moved to their present location I rented an office from them in the annex." This he does in the afternoons, evenings and on Saturdays.

In addition to dispensing good hearing for nine years he was principal of Channel Lake School. He then went to Oakland School and taught fifth and sixth grades respectively for the next two years and is presently teaching sixth grade at Spring Grove Elementary School.

The pleasant looking man with the kind expression in his eyes resides in Antioch Hills in a home on Lakeview Ave. with his wife Janet and two children Bart 2½, and Susan 1½.

When Behling and his wife purchased their home Antioch Savings and Loan Assn. was helpful with mortgage arrangements. "They are a fine organization. I've had no problems with any of my dealings with them," Behling declared. Both of the children have savings accounts started in their name. Their astute teacher, businessman father said the accounts were started when they were born and money gifts from birthdays or Christmas are automatically deposited in their accounts.

"I'd recommend Antioch Savings services to anyone needing financial assistance or advice. They've always been very fair with me," Behling testified.

As a matter of fact, it looks like fair operations in every direction for the Behling family. In January, Donald Behling earned his master of arts degree in educational administration and supervision at Roosevelt University.

Janet is taking courses at the College of Lake County with the long range projection of being the second schoolteacher in the family.

And the children are about the business of growing in stature and experience.

HOME LOAN AIDS EXPANSION

Courtesy Of Personnel Impresses Young Parents

Mr. and Mrs. James Wals are the proud parents of two young children and a home in Lake Marie which is rapidly becoming their own, through the help of the Antioch Savings and Loan Assn. Shelby and James were married Sept. 21, 1963. A year later they decided they should be working toward their own home and applied for a mortgage.

Mrs. Wals was pleasantly impressed with the courtesy shown them by Antioch Savings personnel. "We didn't know anything about the legal aspects of buying property or the procedures involved and the people at Antioch Savings were very helpful."

Since 1964 when they took out their mortgage they have converted what was termed a summer home into a year-round home. The first step was replacing the old oil stove with a furnace. Natural gas replaced bottled gas.

The kitchen remodeling was really a big project, so they went back to Antioch Savings and this time a home improvement loan was suggested.

"Everyone is so nice at Antioch Savings and Loan. Of course, they know us pretty well," said Mrs. Wals. "It's a weekly stop with us. We take the kids. It's our en-

tourage. All the girls know us and the kids look forward to the lollipops they get at each visit.

"We took out a savings account when our son (James Dean, 4) was born and have been consistently adding to it. We did the same thing when Wendy Sue came along," said the budget-minded wife and mother.

Wals is employed at Quaker Industries and is shipping foreman, a position which he worked up to by steady, serious application of effort.

Another effort was in the direction of his home. He did most of the remodeling himself. There was the replacing of the old windows with a picture window, ceramic tile put on the walls of the bathroom, the exterior of the house was redressed with siding and the wall to wall carpeting also got Jim's personal attention and know-how.

Mrs. Wals says she is "chief painter and sander" but her biggest job is "keeping the kids away from daddy when he's working."

There are plans for the future—an addition to the home. That's where Antioch Savings will be ready again — with a home improvement loan.

Also Shelby is attending night classes at the College of Lake County, preparing to be a teacher's aide when the children are old enough to be in school.

They plan to send the children to college and have already started to save for it at Antioch Savings. "Things are costing much more now. We want the best for our children so we are preparing for it the best we know how," explained the former Ill. Bell employee who is now a full time homemaker.

Extra pennies, Christmas and

birthday money is put in the children's savings account at Antioch Savings and when the children are old enough for an allowance the Wals' plan on teaching them to put a part of it in their account.

ANTIOCH SAVINGS SPECIALTY

Builder And Homeowner Like Praise Service

Because of his versatility and desire to make Antioch a cultural community, the name of Ken Smouse is almost a household word.

He is a teacher of English at Antioch Community High School. His avocation is theater group, ballet, masque and Lyre.

He is the Antioch Methodist Church's religious need.

His husband of charming, talent Betty has resulted in a happy home occupied by himself, his wife and his five friendly children: Steven, Gerry, Rick, Jeff and Betty.

The happy home was made possible through the combined efforts of the Smouse Family and the Antioch Savings and Loan Assn. As a matter of fact, Smouse was one of the first to take a mortgage in 1961 with the then new savings institution.

"They have certainly been marvelous to us," exclaimed Betty. "We have been very happy with their services."

"We have a home improvement loan with them, too," she went on. "We took it out when we had central air conditioning installed not so long ago."

When asked why this financial agency was used Ken Smouse replied: "It was the only logical one. Antioch Savings and Loan was the only one who could supply the amount of money we needed at that time. As a matter of fact our contractor recommended them."

The contractor was Marvin Heath.

Respected and recognized for his good work in the community Heath explained that almost all his customers who need financial help in building their homes are Antioch Savings and Loan mortgage holders.

"We suggest Antioch Savings to them, because we want our people to get a fair shake from their lender just like we give them when we do their building," he said.

The M. W. Heath Construction Co. has also built structures other than homes. Commenting on the Montessori School in Libertyville, Heath recalls the trouble the school had in procuring a loan until Antioch Savings and Loan Assn. stepped in and offered their financial assist-

ance.

Heath calls the school structure "the flying saucer that never flies". It has an odd eight side shape with a plastic skylight on top. "The design is very unusual—there is nothing conventional about it. At night when the lights are on, they shine through the top and it looks like a flying saucer."

A tv special reveals that work programs instituted in Libertyville have been adopted nationwide in the Montessori system.

Although this structure was built in Libertyville the man who has been in business in the Antioch area for 16 years explains that most of his building is done within five to eight miles of the village limits.

Another job worthy of mention is work they are presently doing on North Ave., one-half mile west of Rte. 45. His customers remodeled an old farm house and have come up with "something fabulous".

Here's How Firm Aids Businesses

A community that is marching forward must have progressive far-sighted men of vision and wisdom. One such businessman in the opinion of Antioch Savings and Loan Assn. President Frank Walpole, is Fred H. Nielsen, Jr.

"He's a man that is doing something to nudge a sleepy community."

The construction company that bears Nielsen's name has been instrumental in building approximately 30 to 40 homes in the Lake Villa—Antioch—Grayslake area.

Two attractive apartment buildings in Lake Villa also testify to the workmanship of the firm and the business acumen of its founder. They have provided comfortable homes for approximately 75 residents of Lake Villa.

Both Walpole and Nielsen feel this type structure is the answer to an expanding, growing community.

Both were instrumental in the erecting of these multiple dwellings—Antioch Savings with the financing, Nielsen Construction with the building.

There is a parallel in the two businesses. Both were established about the same time. Said Nielsen: "My first customers applied for mortgages at the Antioch Savings and Loan Assn. when they were located in their first store on Main St. We have been in business about the same length of time and we have had nothing but the best cooperation from them. They are very good about arranging loans and easy to work for."

Another keen businessman, in a different line of endeavor who believes that this is a growing community, is one who has contributed to the merchandising effort of the area.

Ray Jenssen, cooperative and civic-minded member of well-known Gibbs & Jenssen sporting goods and clothing establishments, feels Antioch is a growing community and it is his intention to have his business grow along with it.

He recalls when he and Earl Gibbs started in business in 1953 three people were involved in the operation, himself, Gibbs and Mrs. Jen Gibbs, who did the purchasing of the women's clothes.

Now in a larger, more accommodating building Jenssen, and his staff of 22 dispense quality merchandise and friendly sportsmen's advice across the street from the original store.

When the move for a bigger operation was in the planning stage in 1962, Antioch Savings financed the building of the present business location on Lake St. Says friendly Ray Jenssen, "We were very happy with their service. They definitely fill a need in the community."

The same could be said of the sporting goods store. In a resort community, equipment for almost every sport's activity is available at Gibbs and Jenssen. The women's sportswear department has

grown to where a second location in the Antioch Plaza titled "The Carousel" has been serving residents of the Antioch area.

About the man who predicts a growing future for this community. He moved here from Chicago in 1945 and married Elizabeth Ericksen. They have one daughter, Diane who was graduated from Antioch Community High School this June and who has enrolled in the Augustana College in Moline in the nurses training school.

Presently Ray Jenssen is Director of the First National Bank, on the board of directors of the Lions Club and a member of the Antioch Chamber of Commerce.

SAVINGS GET CHRIS, 18, TO EUROPE

Hunts, Family Of Savers Know Value Of Budgeting

"The thing that makes saving money exciting at the Antioch Savings and Loan Assn. is the enthusiasm of the girls. (tellers)"

"When it's time for a dividend they don't just post it, they comment on it and point out how your money is growing. It kind of gives you an incentive to save."

This is the opinion of one junior savings account member who President Frank Walpole describes as "a terrific saver."

Chris Hunt, 18, daughter of Mr. and Mrs. Robert Hunt of 909 David Ave., Antioch, is the young lady whom Walpole refers to.

At 16, in her junior year at Carmel High School this bubbly beauty got a job with the Antioch Dairy Queen and in a year managed to save enough money to finance a trip to Europe with her school group.

By persistently, consistently putting her earnings in her account she managed to accumulate \$1,000.

"When the opportunity came along, I had the money and I went," Chris said simply.

Miss Hunt took out her savings account in February, 1967, so at 18 she is a seasoned saver.

Asked how she managed, she explained that her mother always budgeted and was a saver. "I guess I take after her."

But she is only one of the Hunt children who has acquired her mother's thrift habit. Betty, the oldest child, who is now working in a secretarial capacity, started the rest of the Hunt children in their savings adventures at Antioch Savings and Loan Assn.

During her high school years she worked at Snow White and I.R.C. in Spring Grove. She saved enough to start a career in nurses training. Only by enrolling and taking the nurses training courses did she learn, this was not the life for her.

So she is now happily adjusted to her responsible office job. Her mother says she is the money bags in the family. She is thinking of buying a new car and will soon have enough to pay cash for this big investment.

Bobby Hunt, 13, is another savings member at Antioch Savings. Ambitious and thrifty like his sisters, he has managed to be a possessor of a savings book that boasts a \$500 amount. How do you earn money at 13? If you are Bobby Hunt you cut the neighbor's grass, do odd jobs around gas sta-

"Antioch Savings and Loan Assn., along with other local financial institutions, has made a concerted effort to upgrade property throughout the Lakes Region. With cooperation of local municipalities and the county building department, plus encouragement to people, I feel we have made progress in improving and modernizing seasonal type dwellings to permanent and modern homes."

Antioch Savings and Loan Assn.

tions and then you deposit your earnings in a savings account.

Debbie Hunt, 12, "thinks boys have it made" because they can pick up these jobs, but when you are a girl and 12 how can you earn money?

After much thought the decision was made. Because young ladies of 12 no longer play with toys, she gathered all her past playthings and had a toy sale in the Hunt garage. The gross sale amounted to \$29. A bathing suit took \$5. The rest went in her Antioch Savings account.

Incidentally she still has a few toys, her mother suspects there may be another sale soon.

Robert and Elvira Hunt are justifiably proud of their progressive children. The Antioch Savings and Loan is also. Every member of the staff is familiar with the Hunt children. It is no surprise that they second the Hunt children's economic philosophy which Chris puts into these words.

"Budgeting, that's the answer. It's the only way to live."

Savings Growth Changes Town

Antioch Savings and Loan Assn. can take a lion's share of the credit for adding a new dimension to the Antioch business district.

A "main street" town since its incorporation as a municipality in 1897, Antioch now has a second key business thoroughfare, Lake St., thanks to the impetus given to a westward movement when Antioch Savings relocated in 1963 to Antioch Savings Plaza.

With Antioch Savings providing leadership, Orchard Plaza Shopping Center was established in the decade of the 1960's which further changed the complexion of Antioch's downtown district.

Savings Program Gets Approval From Younger Set

Antioch Savings and Loan Assn. has a large number of young people who deposit money in savings accounts.

No special program is in operation to encourage the youngsters to become patrons of their institution but teller, Lucille Eberman, says:

"We do make a special effort to tell the children when they have a dividend and the amount of money they have earned by keeping their money here."

There always are lollipops on hand for the candy set and for the older children there is the facility of the Community Room. 4-H groups meet in the basement of the Antioch Savings and Loan Assn. and utilize their service room.

A newly organized high school group of students called SEA meets every Tuesday to discuss the many facets of the ecological studies they are conducting.

If they know the community room, and meet the friendly folks at the Antioch Savings they might logically choose a familiar place to do their saving.

LOTS OF LOANS

An average of every other working day Antioch Savings and Loan Assn. issues a first mortgage loan so new families can get into homes of their own.

HIGH RANKING

Although Antioch Savings and Loan Assn. is the second youngest savings and loan firm in Lake County, it ranks sixth in total assets.

MEETING ROOM

The attractive downstairs meeting room at Antioch Savings and Loan Assn. is open to any organization needing space simply by phoning in advance for a reservation.

RESTFUL SPOT

Many Antioch Savings and Loan Assn. account holders enjoy simply stopping by for a short visit and a rest in the firm's attractive lobby—even if they don't have business to transact!
